Material Title: **Body Keeps the Score, The: Brain, Mind, and Body in the Healing of Trauma**
 Author: Bessel van der Kolk, M.D. *Books* 2014 356 pages

This profoundly humane book offers a sweeping new understanding of the causes and consequences of trauma, offering hope and clarity to everyone touched by its devastation. Trauma has emerged as one of the great public health challenges of our time, not only because of its well-documented effects on combat veterans and on victims of accidents and crimes, but because of the hidden toll of sexual and family violence and of communities and schools devastated by abuse, neglect, and addiction. Drawing on more than thirty years at the forefront of research and clinical practice, Bessel van der Kolk shows that the terror and isolation at the core of trauma literally reshape both brain and body.

Material Title: **Child Who Has Been Sexually Abused, The**
 Author: ORPARC *Information Packets* 22 pages

Part One, "What Is Sexual Abuse And How Does It Affect Children?" defines sexual abuse, gives anecdotal examples, lists symptoms, and outlines effects on children in different age groups. Part Two, "Parenting The Child Who Has Been Sexually Abused," defines three roles for adoptive and foster parents with concrete steps parents can take to fulfill those roles. It provides hypothetical "case studies" and asks thought-provoking questions related to those situations. Part Three shows how the parent can support the healing of a child who has been sexually abused.

Material Title: **Creating Sexual Safety in Adoption and Foster Care (2 CDs)**
 Author: NACAC Conference *CDs* 2011 84 minutes

This material is a recording from the NACAC Conference in August 2011. Presented by Wayne Duehn, School of Social Work, University of Texas at Arlington (retired). In this session, workers will develop knowledge and skills to help parents address the needs of adopted children who have been sexually abused. Discover how to enable parents to create a healing milieu to counteract the negative impact of trauma on a child's psychosocial and cognitive development, and to enhance positive self-esteem. Learn how to help adoptive families become the central ingredient in their children's recovery.

Material Title: **Family Influences on Childhood Behavior and Development: Evidence-Based Prevention and Treatment Approaches**
 Author: Thomas Gullotta and Gary M. Blau *Books* 2008 327 pages

This collection of 13 essays intended for clinicians examines factors associated with families in distress and factors that promote healthy coping skills and resilience. The first 5 chapters explore what family means today, circumstances that can make family life challenging or painful, and how prevention and treatment approaches can help. The next 8 chapters focus on potentially distressing events, including adoption, divorce, stepfamilies, lesbian and gay families, foster care, parents with mental illnesses, physical abuse, and sexual abuse.

This book provides "Guidelines For Practice" in the first part, which describes different approaches and treatments. The second part offers activities in each of the areas of Accountability, Empathy, Coping with Trauma, Relationship Skills, Sexuality, and the power of the Treatment Plan. The book links together individual, group and family treatment into one integrated, comprehensive program that treats both the perpetrator and victim in tandem.

Material Title: **Treating Sexually Abused Children in Adoptive Families**
Author: Helen L. Swan *Books* 1993 71 pages

This book presents the "Adoption/Sexual Abuse Treatment Model" (ASAT), an approach designed to integrate sexual abuse treatment and adoption theory into a systemic framework. The treatment progresses through four phases beginning before placement, and at each phase, the roles and tasks of each team member (parents, therapist, case worker, etc.) are spelled out. Although therapists are the intended audience, adoptive parents and adoption workers will also benefit from the insights and structure laid out in this book.

Material Title: **Treating the Aftermath of Sexual Abuse: A Handbook for Working with Children in Care**
Author: Osmond *Books* 1998 144 pages

This handbook is intended to guide caregivers and other professionals as they learn to understand the child's story in the signs and signals that he or she gives them through behavior. As caregivers become careful, thoughtful listeners, they will be able to use day-to-day events in helping the child tell his or her story, understand how abuse has shaped the child's life, and find the path to healing.

Material Title: **Understanding Your Child's Sexual Behavior: What's Natural and Healthy**
Author: Toni Cavanagh Johnson *Books* 1999 186 pages

This readable, easily understood book for parents and caregivers explains children's developing sexuality -- when their behaviors are normal and when to be concerned. It focuses on children from birth to approximately 12 years, providing valid strategies to both understand the behavior and respond to it.

Material Title: **Very Touching Book, A...for Little People and for Big People (Children's Materials)**
Author: Jan Hindman *Children's Books* 1983 50 pages

This book is intended to be read and shown to a child by a parent. Through pictures and words, it teaches appropriate and inappropriate touching. It is written on a child's level, but the cartoon like illustrations are anatomically correct to avoid confusion.

Material Title: **Wetting and Soiling: Foster Parent College (DVD)**
Author: DVD *DVDs* 2004 42 minutes

With abused and neglected children, the toilet can become a battleground of emotional upset and rebellion - as well as a window into a child's past. This course examines five types of problems: wetting as an emotional outlet, wetting as self-defense, classic wetting problems, soiling and smearing feces, constipation and withholding stools. Includes discussion guide and questionnaire.
