

A Family for Every Child

Presents

Family Building

www.afamilyforeverychild.org

The Family Building program brings together community members who have been through the adoption process and families who are just starting that process. Adopting a child can create a desire to build additional support networks and reach out for helpful resources. The Family Building program is a link between potential adoptive families and the support they are looking for. If you have adopted before or if you are thinking about adopting, please consider getting involved. Together, we can change the lives of waiting children and build stronger families.

**One Ordinary
Family for Every
Extraordinary Child**

Family Building Mentors

Family Building is an adult to adult mentor program bringing together families who are beginning the adoption process together one-on-one with a family who has been through it before. It's normal for the adoption process to bring up many questions and doubts. It's helpful and encouraging to have someone to talk to. Please contact us or attend our monthly Meet-N-Greet. Call 844-9799 or visit www.afamilyforeverychild.org for details.

Family Building Resources

Many adopting families are unaware of resources available to them. Check out our growing list of resources at www.afamilyforeverychild.org or contact us with a request and we will do our best to offer custom classes and info.
